

DESIGNED FOR SIMPLICITY & STYLE.
IDEAL FOR PERMANENT INSTALLS.

Baytex Alispan Pavillion

Suitable for permanent and semi-permanent installation. Comfortably spans from 10m-18m and extends to any length in 5m modules.

SIMPLICITY · PERFORMANCE · STYLE

Simplicity, Style, Flexibility

Fabric

All Baytex Marquees have a high tech lacquer surface coating for a smooth, glossy, dirt resistant finish. Fire retardant fabric specially treated to prevent moisture wicking. Choice of Ferrari Translucent or Blockout PVC in white or a choice of colours. High frequency welded for optimum strength, fabricated in NZ.

Hardware

Anodised alloy rail components for strength and durability. High quality electro galvanised steel connectors ensure long lasting, clean appearance. Powder coated alloy castings to minimise fabric damage. Premium NZ sourced. No external hardware, no heavy valance bar.

Specifications

Baytex Alispan comfortably spans from 10m to 18m and extends to any length in 5m modules . Available as a Hip or Gable End. Fully Engineered for building consent purposes. All Alispan are supplied with all hardware, PVC roof, plain PVC walling and if required structure pegs.

Simple Set Up

It is simple to erect with no loose bolts and can easily be attached to buildings or used as a free standing unit.

Linings

Don't forget to dress your Marquee with our truly elegant Silkline Linings. Baytex is a leading designer and manufacturer of sophisticated Lining Systems for special events.

Easy to Clean

The PVC surface can be readily cleaned with a non-bleach mild detergent or Baytex 'Sliktop'.

Manufacturing

CAD designed and computer cut for dimensional accuracy. Manufactured onsite at Baytex as for the last 40 years.

18° pitch roof

Great on both sealed and unsealed surfaces. Can easily be attached to a building or used as a free standing unit.
